

Project Initialization and Planning Phase

Date	15 March 2024
Team ID	SWTID-2026-4324
Project Name	OptiCrop: Smart Agricultural Production Optimization Engine
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A farmer growing crops	Choose the most suitable crop for my land	I don't reliable date- driven guidance	I lack access to expert agricultueal advice	Uncertain and worried about crop yeild
PS-2	A small- scale farmer	Choose the most suitable crop for my land	I don't which crop suits mu soil and weather conditions	I lack access to expert agricultural guidance	Uncertain and worried about crop yeild

PS-3	A farmer with limited resources	Maximize my harvest and income	I often pick crops based on guesswork or tradition	I have no data driven tool to guide my decisions	Frustration and financially insecure
